MEMORANDUM FOR: Deputy Director (Research)

SUBJECT :

:

Consultants

1. Attached hereto are the justifications for retention of the four consultants presently being charged to OSA-DD/R. It will be noted that the items 6 and 7, relating to past and anticipated use, have been left blank as has the identity of the responsible official.

2. The justifications used for FY64 are identical to the ones we used for FY63. In FY63, you may recall, we closely coordinated retention of consultants with the DD/R (through [REDACTED]).

3. It is recommended that the management responsibility on these individuals be transferred from OSA. A great deal of their services are related to [REDACTED] which has already been transferred from OSA and OSA use is either non-existent or a minimal portion of the whole. For these reasons, it is almost impossible for OSA to render effective management support to the consultants.

4. Your advice on this matter will be appreciated.
